TOWN WARRANT.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM, S. S.

[L. S.]

To the Inhabitants of the Town of Derry qualified to vote in Town affairs:

You are hereby notified to meet at the Adams Memorial building in said Town on the second Tuesday of March next, at 10 o'clock in the forenoon to act upon the following subjects:

- 1. To choose all necessary Town Officers for the year ensuing.
- 2. To vote to raise and appropriate such sums of money as may be necessary for the support of schools, maintenance of the poor, for laying out and repairing highways, building and repairing bridges, and for other necessary charges arising in said Town.
- 3. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars (\$100) or any other sum to aid in the support of the District Nurse, or take any other action thereon.

- 4. To see what sum of money the town will vote to raise and appropriate for the use of Upton Post No. 45, Department of New Hampshire Grand Army of the Republic, to defray the expenses of Memorial Day.
- 5. To hear the reports of Agents, Auditors or committees heretofore chosen and pass any vote relating thereto.
- 6. (1) To see if the Town will vote to reconsider the act taken under Article 15 of the warrant for the Town meeting for the year 1909 relating to the salary of the Tax Collector. (2) To see if the Town will vote to fix the compensation of the Tax Collector by allowing him a commission on the amount of taxes collected in lieu of a fixed salary, and pass any vote relating thereto.
- 7. To see if the town will vote to raise the license fee for the sale of intoxicating liquor, in said Town above the sum named in an Act entitled An Act to Regulate the Traffic in Intoxicating Liquor, passed March 27, 1903, to take effect May 1, 1910, or take any action relating thereto.
- 8. To see if the Town will vote to raise and appropriate a sum of money for the improvement of the highways in accordance with the provisions of section 4 of An Act passed by the New Hampshire Legislature 1905, entitled An Act to provide for the state aid and for the expenditures of other public moneys in the permanent improvement of main highways throughout the state.
- 9. To see what sum of money the Town will vote to raise and appropriate for the purchase of books for the Derry Public Library, for maintaining said Library and pass any vote relating thereto.

- 10. To see if the town will vote to close its accounts Feb. 1 of each year, and have the Annual Reports in the hands of the tax payers as soon as possible thereafter.
- 11. To see what the Town will do relative to the Water Bonds coming due Nov. 1910, or take any action relating thereto.
- 12. To see if the town will vote to build a sidewalk in East Derry, from the residence of William Jones to that of Albert A. Davis, Jr., on the northerly side of the Street, or what action will take relating thereto.
- 13. To see it the town will vote to place a hydrant at corner of Birch Street and Fairview Avenue, and 1 hydrant at corner of Fairview Avenue and South Railroad Avenue, there being no fire protection, or take any action relating thereto.
- 14. To see if the Town will vote to build a sidewalk commencing on Birch Street at residence of John Low, thence southerly on the west side of Birch Street to Fairview Avenue, thence westerly to the Boston & Maine Railroad land, also commencing at the Junction of Norton street and said Birch street, and running on the south side of said Street to B. & M. railroad, or what action will be taken relating thereto.
- 15. To see if the Town will vote to appropriate the sum of Six Hundred Dollars (\$600) for the purpose of sprinkling Broadway from Park Avenue to the West side school house, and pass any vote relating thereto.
- 16. To see if the Town will vote to appropriate Five Hundred Dollars (\$500) for land damages for the extension

of Pillsbury Court to Martin Street, crossing land of C. H. Martin and Guy Chadwick, or take any action relating thereto.

- 17. To see if the Town will vote to instruct the Town Treasurer with the consent of the Selectmen, to borrow money in anticipation of taxes.
- 18. To see if the Town will vote to appropriate Fifty Dollars (\$50) for a series of Five Band Concerts, during the summer months.
- 19. To see it the Town will continue to pay the Sexton of Forest Hill Cemetery Two Dollars (\$2) for the burial of each body as heretofore, and pass any vote relating thereto.
- 20. To see if the Town will vote to receive from the heirs of Edward T. Parker a money consideration to be paid to said Town, in lieu of the bequest made by said Edward T, Parker, of the Parker homestead, situate in East Derry being bequeathed to said town for a Public Park to become the property of said town at the death of the present heirs of said Edward T. Parker, as provided in said will.

Given under our hand and seal this 19th day of February,

ARTHUR GREENOUGH, FRANK N. YOUNG, HORACE S. ROWE, Selectmen of Derry, N.H.

A true copy, attest.

ARTHUR GREENOUGH, FRANK N. YOUNG, HORACE S. ROWE, Selectmen of Derry, N.H.

SELECTMEN'S REPORT.

G. H. BEAN,		SUPERINTENDENT.

TO THE CITIZENS OF DERRY: -

The Board of Water Commissioners present herewith their second annual report.

The year 1909 proved a busy one for the water works plant. The large pump that was undergoing repairs when our last report was submitted was completed on contract time and placed in working order. It has done good work all the time since.

The smaller auxilliary pump has also been placed in good working order, and is ready for emergency uses at any time. However the time is not far distant when a new and larger pump will be a necessity.

Again we would call attention to our small standpipe, and remind you that a much larger one is needed. When it is remembered that upon some days an amount of water is used equal to three times the amount that that standpipe will hold, is it at all unreasonable to ask for a larger one?

It seems unfortunate that at the time the Water Works property was bought by the town, that sufficient bonds were not issued to meet some of the expenses that would inevitably arise.

During the past two years it has been necessary to expend considerable money for extra charges, in addition to the running expenses of the plant. The expenses of pump repairs, the digging and completing of the large new well; the extension of the main along Highland avenue; the extension to the C. S. Emerson shoe factory; the purchasing of new meters, the putting in of many new services, and the taking up of a one thousand dollar bond have drawn so heavily upon the finances of the Water Works that it has been necessary to hire money to meet the expenses. Had it not been for these extra charges the income of the plant would have been sufficient to have covered all the running expenses. But it is believed that a valuation that many times exceeds the money cost, has been added to the Water Works property, and an income will be derived from the services put in that will more than pay for the expense in that direction.

The large new well that was put in during the dry summer months has proved even more valuable than was expected. Had it not been for this well it is believed that suffi-

cient water could not have been obtained for domestic uses alone. This well has proved so satisfactory and valuable, that it is hoped another may be dug the coming summer. We consider it important to have available at all times as bountiful a supply of water as possible. The watershed where the wells are located seems to contain an inexhaustible supply, and with properly constructed wells to draw from the water can be more easily and more cheaply pumped. No water has been pumped from the brook the past year and it is hoped the need to do it will never arise.

The Highland Avenue extension has also been completed, thus making two lines of main pipe from the pumping station to the center of the town. We are not now dependent upon a single line. The extension to the Emerson shoe factory was expensive but it was a necessity if the business of the town is to be promoted.

Meters have been placed upon many services, and the plan is proving satisfactory to all parties. We are looking forward to the time when every service in town shall be metered.

It is hoped there will not so many extra charges arise in 1910 as were met last year, so that the income of the plant may be sufficient to meet the regular expenses.

The work of extensions, etc., for the past year that cost nearly \$4,000.00, may be summarized as follows:

Extensions for 1909.

1 1-4 inch pipe		300 feet
1 1-2 inch pipe		1149 feet
2 inch pipe		185 feet
6 inch pipe		850 feet

8 inch pipe			1350 feet
Cost of Big Well			\$1400 00
Highland Avenue	, line		1450 00
Emerson Shoe Fa	ctory job		600 00
Total extensions f	or 1909		3834 feet
(13)			

The rentals of which will amount to about \$1000.00 per year.

WILLIAM NELLER, WILLIAM T. MORSE, Commissioners LEWIS W. BLY, of Derry.

DERRY WATER WORKS.

STATISTICS.

Number of services January 1909, 693.

Number added during year, 50

Total number 743, of which 108 are metered.

HORACE A. HILL GEORGE B. SMITH, } Auditors

Feb. 23, 1910.

BOARD OF HEALTH REPORT.

To the Board of Selectmen of the Town of Derry, N. H.:

For the year ending Feb. 15th, 1910, there have been 7 cases of measles reported, 8 houses disinfected for tuberculosis, 4 cases of diphtheria, 1 case of spinal meningitis, 5 cases of scarlet fever and 2 cases of typhoid fever.

The school houses have been looked after and disinfected each term. The attention of the Board has been called to over 40 cesspools, 1 dog, 1 cat and 3 horses have been buried the past year by the Board. The bog hole on Crystal Ave. owned by the Boyd heirs was properly filled by the Board at an expense of \$30.00.

There are many other places where the marketmen of Derry insist on dumping decayed fruit and vegetables that have required the attention of the Board, and this Board strongly recommends the purchase of a dumping place.

Pig pens in bad order have been another menace to the Board and we recommend excluding all swine from the compact part of the town.

This Board recommends the establishment of a proper sewer for this town, which will be absolutely necessary in the near future for the public health.

Respectfully submitted.

C. H. NICKERSON, W. R. SANDERS, L. W. RAND,

Health Board.

DERRY PUBLIC LIBRARY.

Report of the Trustees:

The very complete and comprehensive report of the Librarian leaves but little to be added in the way of information concerning the library and its work for the last year. Special mention may be made, however, of some facts. The number of new cards issued and the still increasing circulation tell of the interest in and the value of the library to our community. Had there been but six more books taken the number given out would have been just 21,000. This means a very large demand upon a very inadequate supply. The patronage of the library is not confined to its immediate locality but comes from all parts of the town.

While there has been an increase over former years in the number of books purchased, a much larger sum could have been expended for that purpose had the funds been available. Our patrons are constantly calling for new books but they should remember that we can give no more freely than we have received. The increase in the patronage of the general literature department is pleasing and encouraging, indicating more interest in that which is really instructive and profitable, which it is to be feared is not wholly true of all fiction, even though the greatest care is exercised in its selection.

The open system which was recommended by experienced and competent advisers but which was adopted at first with some hesitancy on the part of some of the board, is still in use, being a great improvement for small libraries at least, over the use of catalogs and seems to be much appreciated by the public who evidently prefer to see and examine the books before making a selection. This privilege has not been misused. The utmost quiet and decorum always prevails and no book has been wrongfully taken from the rooms.

Additions have been made to the reference department which is of great value being almost daily consulted for information concerning a variety of subjects.

Any suggestion as to the management of the library, or recommendations of books or periodicals will be thankfully received and duly considered. Visitors, especially strangers in town, are always welcome to the privileges of the reading room and library as far as the rules allow and will be pleasantly shown about by our obliging librarian. If the town is satisfied that the library is worthy of a continued generous support, we trust that it will receive a liberal appropriation for the coming year.

The term of Mrs. Nella F. Calaban as a member of this board expires this year, and the other members unanimously desire her reelection.

Respectfully submitted,

NELLA F. CALAHAN, HARRIET D. LOW, J. H. NICHOLS, D. J. DUNN, C. W. ABBOTT,

Trustees.

J. H. NICHOLS, Chairman,

HARRIET D. LOW, Secretary and Treasurer.

LIBRARIAN'S REPORT

To the Trustees of the Derry Public Library:

The Fifth annual report is thereby presented:—The Library has been open Monday, Wednesday and Saturday afternoons from 3 until 5 o'clock and every week day evening from 6 until 9 o'clock and on Saturdays until 9:30, except holidays. The reading room has been open every week day from 2 till 5 o'clock and from 6 until 9 o'clock and on Saturdays until 9:30, except holidays. During the winter months, November to April inclusive, the rooms have been open continuously on Saturdays from 2 until 9:30 o'clock.

I am pleased to report that all departments of the library work are flourishing. There has been an increase in the book circulation of 1145 volumes or 5.4 per cent. Most of this gain is in the juvenile department. A decrease is noticable in the fiction loaned and an increase in non-fiction. I am glad to report this as I believe more good is done by the library through the circulation of such books.

I have endeavored to bring more into prominence the unbound magazines. These are loaned after being removed from the tables and nearly twice as many have been taken this year.

The work of repairing books has also increased, 166 more volumes having been repaired this year, 38 being beyond repair have been withdrawn from circulation, and 35 rebound at a bindery.

An unusually large number of books have been purchased, 144 more than last year. This is partly due to the fact that no new furnishings have been needed for the rooms. Also no expensive sets have been added this year. The one

set added, "The Beacon Lights of History," 15 volumes, has been read by many and is a valuable addition.

Last October the first printed list of books was published. This included all the books added the previous six months. If these semi-annual lists are continued as is intended, they will increase in value and will be the beginning of a complete catalogue some time in the future.

A few new magazines have been added to the Reading room, 46 periodicals are now available to the public. The Reading room is patronized as much as ever and I believe money spent in magazines well invested as they can be had for reference, or home use after being taken from the table.

The inventory this year disclosed the pleasing fact that not one book had been lost from the shelves. Only four have been lost through circulation and one of these has been paid for.

I submit the following statistics:

Feb. 15, 1910.

HORACE A. HILL, GEORGE B. SMITH, Auditors.

SCHOOL WARRANT.

THE STATE OF NEW HAMPSHIRE,

To the Inhabitants of the School District of the Town of Derry qualified to vote in District Affairs.

You are hereby notified to meet at the Town Hall, E. Derry, in said District on the 5th day of March, 1910, at two o'clock in the afternoon, to act upon the following subjects:

- 1. To choose a Moderator for the coming year.
- 2. To choose a Clerk for the ensuing year.
- 3. To choose a member of the School Board for the ensuing three years.
 - 4. To choose a Treasurer for the ensuing year.
- 5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
- 6. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
- 7. To see how much money the District will raise and appropriate for the support of Schools in addition to the amount required by law.
- 8. To determine and appoint the salaries of the School Board, Truant Officer or Officers, Clerk and other district officers, and to appropriate money for the same.

SUPERINTENDENT'S REPORT.

TO THE BOARD OF EDUCATION:

This, my first report, is the fifth annual report of the superintendent of the schools of the Derry Town District.

The work in our schools today is showing clearly the results of the earnest efforts of the past five years of supervision. On the whole the efficiency of the teaching corps is high, and the quality of the teaching good. We must be ready, however, to better our conditions and strengthen whatever weak places we find. It is my conviction that, so far as possible, only teachers of Normal School training, or those who have received the permanent certificate of the state, should be employed. The business of making good men and women of our children is too sacred a matter to be given into the hands of any but those who have learned how to do it.

Lack of money is our greatest hindrance to this end. It is greatly to be regretted that, on account of her size, Derry is not included among the towns which, under the law of 1909, receive state aid on the basis of average attendance and on that of qualified teachers. No town in New Hampshire needs this help more than ours. On our pay roll today are eleven teachers qualified under this law; if we were included in the eligible towns, we should be drawing two dollars a week for each of these eleven, a total of \$792 for the year. On the attendance basis we should draw one

d

ollar and twenty-five cents a week for every twenty-five pupils of average attendance, which would bring us about \$944 more. The total sum, \$1700, or thereabouts, would bear splendid fruit in the matter of an improved teaching force. An effort should be made to obtain in the next legislature a change in the state-aid law that will render Derry eligible to its benefits, and I urge the citizens to strive through their next representatives to effect such a change.

By the opening of the new West Side building the serious problem of providing sufficient room for our pupils has been settled. Here we have six fine rooms with plenty of accom; modations for all. The fifth grade at the Oak Street building had grown so large that a new fifth grade has been formed. Thus we open the new building with all the rooms occupied none are full, however, and there is space enough to allow for considerable growth.

At the present time our schools do not seem to be growing so rapidly as they were a few years ago. The school census last September gave the following figures:

Number children between 5 and 16,	834
Number not attending school,	96
Number in school	728

Some of these are, of course, in the Academy. The number of pupils attending the elementary schools at least two weeks is here given for the past five years:

1905,	601
1906,	693
1907,	692
1908,	722
1909,	705

The average membership of our schools for the past three years is:

1907, 609 1908, 622 1909, 596

All these figures appear to show that we are not increasing just at present.

On the whole the various school buildings are in good repair. At the Oak Street School a change is needed in the sanitary conditions in the basement, and the heating arrangements for the basement school room should be improved. At East Derry the small up-stairs room used by the primary grades should be abandoned at once in favor of the larger room on the first floor. The number of pupils has so increased as to render ventilation impossible, especially in cold weather.

Our per cent of attendance for last year is 89.8, the highest for some years. It is still too low however, lower even, than the average for the state, which is 90. The importance of bettering this record cannot be overestimated. There are people in Derry who appear to care little, if anything at all, as to whether their children are at school or not. Indeed, in some cases, parents seem to regard it as a point to be gained to keep pupils at home unless compelled to send them. No more costly mistake could be made. Such irregularity is in almost every case fatal to the progress of the child through the grades, to say nothing of its serving to defeat the very end of education, which is to make efficient men. Promptness and regularity are by no means the least important qualities in men of true efficiency. The

boy or girl with a perfect or very high record of attendance is not likely to find it difficult to pass regularly from the primary grades through the high school.

During recent years the conditions relative to entrance to Pinkerton Academy have improved greatly. The Academy is, in every sense of the word, our high school. The step from the grammar grades to it should be in no way different from or more difficult than the step from the fifth grade to the sixth, or that from the seventh to the eighth. When a pupil has passed his year in the eighth grade he should feel entitled, and is entitled, provided his work is up to standard, to enter the Academy, This is the belief of the State Superintendent, and of the Principal of the Academy. as well as of myself. What the Academy asks of us is simply this: "Is the pupil ready to do our work?" If he is ready, then all that is necessary is for us to say so. There is no promotion, no prize won, no unusual honor or credit gained. It is simply the passing from the work of one year into the work of the next, showing that the child is developing in a normal way. The pupil who does not advance is the abnormal one.

In June 1905 only three of our pupils succeeded in passing without conditions the examinations for entrance to Pinkerton. In June of last year forty pupils were certified by the superintendent as ready to enter, none of them being required to take the examinations set by the Academy.

Twenty-eight of these entered Pinkerton, and one the Hampstead High School—72 1-4 per cent of those certified. This record is far too low, and we should strive to have it bettered. Of the twenty-eight, only six have an average standing of less than seventy per cent for the fall term,

which shows that, for the most part, they were entirely ready for advancement.

I hope sincerely that these facts may encourage all the boys and girls of our eighth grade to a determination to have a high school training. The way is easy, the cost little, the gain beyond measure. The Academy, the School Board, and the Superintendent may be counted upon as ready and eager to lend the helping hand to every boy or girl with an ambition thus to better his or her chances of success

I thank the members of the School Board, the teachers and the parents, for their cordial and willing co-operation and support.

ARTHUR W. REYNOLDS, Superintendent.

SCHOOL WARRANT.

DISTRICT NO. 2.

STATE OF NEW HAMPSHIRE,

ROCKINGHAM,SS.

[L. S.]

To the Inhabitants of School District No. 2, in the town of Derry,

{qualified to vote in District Affairs.

You are hereby notified to meet at the School House in said District on Saturday, the twelfth day of March, A. D. 1910 at two o'clock in the afternoon, to act upon the following subjects:

- 1. To choose a Moderator for the year ensuing.
- 2. To choose a Clerk for the ensuing year
- 3. To choose a Member of the Board of Education for the ensuing three years.
- 4. To choose a Member of the Board of Education for the ensuing year.
 - 5. To choose a Treasurer for the year ensuing.
- 6. To hear the report of the Board of Education, and pass any vote relating thereto.
 - 7. To hear the report of the Treasurer, Auditor, and

any other officer heretofore chosen, and pass any vote relating thereto.

- 8. To see what sum of money the District will vote to raise by taxation and appropriate for educational purposes, including salary of the Superintendent.
- 9. To choose Agents, Auditors, and Committees, in relation to any article embraced in this Warrant, and transact any other business that may legally come before this meeting. Given under our hands, at said Derry this twenty-sixth day of February, A. D. 1910.

CHARLES A. SEFTON, Board of EMMA A. CAMPBELL, Education

A true copy, Attest.

CHARLES A. SEFTON, Board of EMMA A. CAMPBELL, Education.

SUPERINTENDENT'S REPORT, DIST. No. 2.

To the Board of Education, District No. 2:-

It is with a great deal of pleasure that I submit this, my first report.

We have every reason this year to feel proud of our two schools, our building is one of the best, our equipment excellent, our teachers thoroughly efficient. There is no recommendation that I can make for the coming year other than this: let us see to it that we do not fall below the standard now being maintained, but rather aim to bring it even higher.

Last June we graduated a large and well trained class of nine, eight of whom entered the academy. Two others from this district were admitted through an understanding between the Principal and the Superintendent. This gives us a very high per cent of pupils passing from the grammar into the high school. Ten out of eleven, over ninety per cent, is a record to be proud of. These young people are, as a rule, doing good work, and have already shown that they were well prepared to enter. It is expected that a smaller, but no less able class, will enter next fall.

During the summer vacation the text-books were carefully looked over, and necessary repairs were made about the building. A word should here be said in regard to our success in keeping our out-buildings in good condition. They were made clean and respectable before the opening of school, and thus far have been kept beyond criticism. I speak of this in order to disprove the notion somewhat common that school out-buildings are necessarily bad, and that it is useless to make them clean. The pupils of the Derry Village school have shown that they respect decency, and have

proved the wisdom of our endeavors to have conditions as they ought to be.

An effort is being made to improve the quality of our work in reading, by putting into the school books of standard worth, and thus awaking in the child at the most susceptible period a fondness for works of real merit. During the year Evangeline, the Courtship of Miles Standish, The Sketch Book, Tanglewood Tales and Black Beauty have been added to our list, and still others will be bought. The eagerness with which these are received and the interest with which they are read prove the wisdom of putting them into the school-room.

I wish in closing to thank the School Board, the teachers and the parents for the kind and generous support which I have at all times received.

ARTHUR W. REYNOLDS,
SUPERINTENDENT.

TREASURER'S REPORT.

Special School District No. 2, Derry Village.
